

WELSHPOOL TOWN COUNCIL

SHREWSBURY TELFORD HOSPITAL NEWS – DECEMBER 2016

The worst news – The Hospital Commissioning Committee was split 6 votes for (Shropshire CCG members) and 6 votes against (Telford CCG members) so no decision was made and no consultation is to take place any time soon. The proposal is now that the matter be referred back to Future Fit team for further work. Terrible outcome.

This is after three years and £2million – more waste of money!

The Future Fit Board recommended its view of the best way forward for the NHS in Shropshire and Mid Wales which included for the critical care unit being based at Shrewsbury.

The review was commissioned by the Shropshire Commissioning Group and the Telford and Wrekin Commissioning Group.

What a joke – sheer frustration, disappointment, disbelief and . a shambles.

More news as to what happens now when we have it.
