

## NEW YEARS DAY STREET SCENE NEWS

Today, New Years Day, the Town Clerk with Paul McGrath went out to empty the bins, clean up the main rubbish from the streets etc after what we hope was enjoyable New Years Eve. 95% of the litter collected comprised smoking, drinking and fast food waste.

This is not unusual and our Town Team finds such waste from just three main causes every day.

Can we please ask the few who drop their litter anywhere to use the bins in 2017.

Thanks.
